Name: Mr. VINU

Age: 28 Years

Diagnosis: Paraplegia, Spine injury

Two years ago, he has fallen from a tree & had a spinal injury i.e. (*loss of sensation of lower limbs*). Initially admitted to K.R. Hospital, Mysore for about Eight months & went home; there I developed urinary infection, bed sore, swelling of lower limbs & whole body odor. Then I came to know about **WELCARE home for aged/disabled & Patient Care Trust**, immediately I admitted. They have taken care of me very well in all the aspects i.e. (*often bladder wash, catheter change, cleaning, oil body massage, exercise, timely food and evening walk.*) Finally it's a homely atmosphere & I am feeling better & comfortable, I thank all the WELCARE Team.

Name: Ms. Lakshmi Narasama

Age: 85 Years

(*Testimony given by Mr. Anantha Srinivas, Relative*)

Last year (2013) she had fallen & had a Fracture of left Femoral Bone & was admitted private hospital for a treatment (*she also had a history of Asthma*). Later stage she has been left alone, since no one is there for her regular and daily care. Through hospital we came to know about **WELCARE home for aged/disabled & Patient Care Trust**, then we admitted her. She is feeling better now & she not feeling loneliness because of the care & affection given to her. She will remain in WELCARE till last.

Name: Mr. Narayana

Age: 62 Years

I was addicted to Drinking & Smoking a lot, one day due to high B.P. I had a stroke & fell unconscious & I was admitted to nearby hospital. Initial & basic treatment was given later I was admitted in **WELCARE home for aged/disabled & Patient Care Trust**, for my every day body massage, physiotherapy, balance diet, mild walk etc. Thanks for WELCARE for caring me.
